PHOENIX, MARCH 18, 1896.

REPUBLICAN TERRITORIAL CON-
VENTION.HEADQUARTERS REPUBLICAN TER-
RITORIAL CENTRAL COMMITTEE
PHOENIX, ARIZONA, MARCH 17, 1896.

TO THE REPUBLICAN VOTERS OF ARIZONA:

A delegate convention of the Republican
Party of the Territory of Arizona is hereby
called to assemble in the City of Phoenix, Ariz-
ona, at 10 o'clock a. m., on Wednesday, April
25th, 1896, for the purpose:I. The selection of six delegates to the Na-
tional Republican Convention to be held in
the City of St. Louis, Missouri, on June 16, 1896;
and the selection of an alternate for each
thereof.II. The nomination of a candidate for de-
legate to Congress. Provided, however, that if
the convention shall deem it inexpedient to
nominate a candidate at this time, then
said convention shall determine date for such
nomination, and the manner in which the
same shall be made.III. The selection of a Territorial Central
Committee.IV. The transaction of such other business
as may properly come before said convention.
The basis of representation in this conven-
tion will be one delegate for every fifty
votes, and one delegate for each fraction of
fifty, over 25 cast for Hon. N. O. Murphy for
Delegate to Congress at the November election of
1894. The representation of the several
counties will therefore be as follows:

Apache	5
Cochise	5
Cocouino	9
Gila	2
Graham	9
Maricopa	27
Mohave	2
Navajo	2
Pima	13
Pinal	6
Yavapai	22
Yuma	5

Total number of delegates 112

It is ordered that proxies in this convention
shall be held only by regularly elected dele-
gates from the respective counties, to said con-
vention.It is ordered that the credentials of delegates
shall consist of the statement that the follow-
ing persons (naming them) have been duly
elected delegates to the territorial convention,
and this statement shall be dated and signed
by the chairman and secretary of the county
convention.A full attendance at this convention of not
only the delegates, but of representative Re-
publicans, is earnestly desired.By order of the Republican Territorial Cen-
tral Committee.

R. L. LONG, Secretary.

JOS. H. KIRSEY, Chairman.

INVITING OUR ATTENTION.

The desire of some of the South
American republics for closer rela-
tions with the United States is ex-
pressed strikingly in an invitation
which has just been extended by Ar-
gentine, Brazil and Uruguay, through
our state department, to the cham-
bers of commerce of eight American
cities, requesting a visit from repre-
sentatives of these commercial bodies.The cities are New York, Philadel-
phia, Boston, Baltimore, Chicago, St.
Louis, Cincinnati and New Orleans,
and the southern republics give assur-
ance that in case the invitation is ac-
cepted "the authorities of the nation
will be at the disposal of the distin-
guished visitors." Here is the open-
ing for American trade and commerce
to the south of us, and the cities so
honored by Argentine, Brazil and
Uruguay will not deserve trade if they
do not seize and utilize this oppor-
tunity. The invitation is an emphatic
corroboration, too, of the recent state-
ments that South Americans were
anxious to drop England and Germany
and turn towards the United States in
their commercial relations.The absence of American banking
institutions in Buenos Ayres has long
been deplored by native and American
merchants and traders of that great
city. The Argentine Republic has re-
peatedly expressed a willingness to
subsidize a steamship line between its
capital and New York upon the least
encouragement by our congress, andhas offered to charter an American
bank upon far more favorable condi-
tions than now enjoyed by the Euro-
pean bankers resident in Buenos
Ayres.So little attention have these over-
tures attracted that our visitors,
should they go this summer, will be
compelled to cross to Southampton to
England and take an English line
thence to Rio and Buenos Ayres—re-
quiring a voyage all told of about
thirty days. The United States has,
singularly, been standing in its own
light with reference to its manifest
destiny on the American continents,
politically as well as commercially,
and if the southern republics can take
the initiative and show us what we
have been neglecting and what is our
profit or duty in the premises, it will
be a great thing for this people, and
particularly our southern states.

ALL NATIONS ARMING.

It is not at all encouraging to the
various peace societies of this and other
countries to observe the tremen-
dous preparations for war that are
now being made by most of the nations
of the earth. The millennium can not
be very close at hand when the ener-
gies of the world are devoted to the
building of engines of war and de-
struction.The naval intelligence office has is-
sued a report outlining the proposed
increase of the world's naval arm and
the cost, which will be provided for
this year. All the leading powers in
the old world are preparing and has-
tening to build ships of war. Argen-
tine will buy or build two great bat-
tleships, two large cruisers and six
torpedo boats. Brazil will add four
armored vessels and several torpedo
boats. Chili will add three large ves-
sels to her navy. In France \$14,000,-
000 will be voted for construction, in
England \$91,000,000, in Germany \$20,-
000,000, in Italy \$4,400,000, in Spain
\$4,500,000, in Russia \$1,250,000, and
even in Bulgaria \$4,000,000. Here is a
proposed aggregate expenditure of
about \$150,000,000 for new warships!
And the naval plans of China and
Japan are not included.The trouble is that the superior
equipment of one warlike or aggressive
nation, like France or England, or
Germany, forces all the others to arm
in self defense. The rich nations can
stand the expense, but the poorer ones
are burdened only the more in their
desperate efforts to place themselves
in a position to repel aggression, or re-
sist insult. Whether they want to
indulge in such costly armaments or
not, there is no alternative left but to
build more fighting machines. The
United States is more exposed, richer,
a greater object of envy to the older
nations, at least, than any of the new
world countries, and yet we are pro-
ceeding more leisurely than any other
first-class power in putting ourselves
in a condition of defense. Let us hope
we will have no occasion soon to regret
this leisure gait, but the indications
point the other way. A condition of
perfect defense and security is the
greatest guaranty of respect and of
peace.

REPUBLICAN CONVENTION.

Chairman Kibbey issued the official
call for the Republican territorial con-
vention yesterday, and it is published
this morning. The convention will
consist of 112 delegates; 57 necessary
to a choice.The call provides that a candidate
for congress may be nominated if the
convention desires to do so. Six dele-
gates and six alternates to the Na-
tional convention will be elected and
a territorial committee selected.The calling of the convention is the
last official act of the old committee.
Chairman Kibbey is not a candidate
for re-election, as it is a position of
much responsibility and little reward,
and he is willing that others should
perform some of the labor. It will,
however, be said of Chairman Kibbey
that he conducted the first successful
Republican campaign in Arizona for
many years, and that as chairman he
has given general satisfaction and is
entitled to the thanks of the party.The Republican hopes that Judge
Kibbey's successor will be a man of
equal executive ability and endowedwith the judicial fairness which made
Chairman Kibbey so generally liked.The theory of Governor Claude Mat-
thews that Harrison is certain to be
nominated at St. Louis is not half as
absurd as the belief of the same indi-
vidual that he is himself a presidential
possibility.The fact that the country always ex-
periences its hardest times when the
Democratic party is in power may be a
coincidence, but it is one so unfailing
as to amount virtually to cause and
effect.Mr. Cleveland probably doesn't want
to test his popularity this year, but the
unanimity with which he is regarded
as out of the race must be somewhat
mortifying to his egotism.St. Louis is this year going to lose
its reputation as a hoodoo convention
city by entertaining a convention
whose candidates will practically be
elected as soon as nominated.The wise favorite son will come
down gracefully without waiting for
the props to be knocked from under
him.On further investigation Senator
Manderson has discovered that he is
himself an enthusiastic McKinley man.

Accepting Defeat.

Doubtless a defeated candidate for an
office might be benefited by learning
the lesson of this incident—but proba-
bly he would not heed it. It is said
that Herr Steinitz, the veteran chess-
player, and for many years champion
of the world, seeing defeat was inevit-
able in the concluding game of his
match with Emmanuel Lasker, rose
abruptly and shouted aloud: "Long
live the new champion!"RHEUMATISM is caused by lactic
acid in the blood. Hood's Sarsapa-
rilla neutralizes this acid and com-
pletely and permanently cures rheu-
matism. Be sure to get only Hood's.HOOD'S PILLS cure nausea, sick
headache, indigestion, biliousness.
Sold by all druggists.You need a blood purifier. We make
this assertion with confidence because
it is a fact that there is scarcely one
person in ten thousand whose blood is
free from humors, scrofula, acids, or
some taint, either hereditary or ac-
quired. Pimples, boils, blotches, eruptions
are not the only indications. Debility,
lack of energy, depression of
spirits, loss of appetite, rheumatic
pains, poor sleep, headache, dizziness,
specks floating before the eyes, and
many other symptoms plainly indicate
the need of thorough cleansing of the
blood. The longer you delay, the
more difficult will be the cure. The
medicine to take is Ayer's Sarsaparilla,
and the time to begin is now. Con-
tinue to take it through March, April
and May, or until you feel that health
and strength are fully restored, which
will be when all those painful and
troublesome symptoms are entirely re-
moved. The young, the old, the mid-
dle-aged alike need the potent, but
benign influence of Ayer's Sarsapa-
rilla, the best of blood medicines.The sooner you begin to fight the
fire, the more easily it may be extin-
guished. The sooner you begin taking
Ayer's Sarsaparilla for your blood-
disease, the easier will be the cure.
In both cases delay is dangerous, if not
fatal. Be sure you get Ayer's and no
other.Hall's Hair Renewer enjoys the con-
fidence and patronage of people all
over the civilized world, who use it to
restore and keep the hair a natural
color.All the elements which nature re-
quires to make the hair beautiful and
abundant are supplied in Ayer's Hair
Vigor. This preparation keeps the
scalp free from dandruff, prevents the
hair from becoming dry and harsh,
makes it flexible and glossy.Truly astonishing.—Miss Annette N.
Moore, Fountain, Minn., says: "Ayer's
Cherry Pectoral has had a wonderful
effect in curing my brother's children
of a severe and dangerous cold. It
was truly astonishing how speedily
they found relief after taking this
preparation."A drowning man would have little
use for a method of rescue which
would require days. A dyspeptic
doesn't want to bother with a remedy
that is going to take weeks to show its
beneficial effects.The Mount Lebanon Shakers are of-
fering a product under the name of
Shaker Digestive Cordial which yields
immediate relief. The very first dose
proves beneficial in most cases; and it
is owing to their unbounded confidence
in it that they have put 10 cent sample
bottles on the market. These can be
had through any druggist; and it will
repay the afflicted to invest the trifling
sum necessary to make a trial.
The Shaker Digestive Cordial re-
lieves by resting the stomach and aid-
ing the digestion of food.LAXOL is the best medicine for chil-
dren. Doctors recommend it in place
of Castor Oil.The meteorological reports taken

traordinary distinction of having been
the only blood purifier allowed an ex-
hibit at the World's Fair, Chicago.
Manufacturers of other sarsaparillas
sought by every means to obtain a
showing of their goods, but they were
all turned away under the application
of the rule forbidding the entry of
patent medicines and nostrums. The
decision in favor of Ayer's Sarsaparilla
was in effect as follows: "Ayer's Sarsapa-
rilla is not a patent medicine. It does
not belong to the list of nostrums. It
is here on its merits."
